Notice No:-01/2023

Date:- 20/04/2023

## Notice

With a motive to provide a common platform for interdisciplinary technical and cultural activities “EXLETRA (Accelerate Your Passion)- The Techno-Cultural Club” of the college has been formed.

### About Club

The club consists of self-motivated students from Electronics & communication, Civil, Mechanical and Electrical Engineering departments who gather to come up with some or the other new ideas and work on them. The aim of the club is to technically strengthen the students to improve learning in advance technology and to promote research in core and interdisciplinary domains by integrating their skills in the various field of engineering and technology.

### Vision of the club

To bring out the hidden potential of students in the field of recent technologies and to make them able to compete with the technological challenges of society, academics and industry.

### Mission

To enhance and encourage all students to participate actively in their passionate stream and to create a finest platform to present their ideas.

The Club will perform activities such as Technical Festival, workshop, Seminar, Robo wars, Exhibition, Hackathon and cultural programs etc.
